Re. Garbage Collection Agreement / Fuel Surcharge Adjustment

Dear Director's:

This notice is to advise you that the U.S. Department of Energy's Retail On Highway Diesel Price for the Gulf Coast as of March 31, 2008 review date has met or exceeded the "trigger" rate as specified in our Fuel Adjustment provision with you. The published diesel fuel rate on Monday, March 30th 2008 was \$3.907. The EIA/DOE currently publishes these prices on their website at the following location: <http://tonto.eia.doe.gov/oog/info/wohdp/diesel.asp>.

The Base Rate for our services will reflect an additional 4% as a Fuel Surcharge (FSC) for the services on the next invoice. The current FSC of 4% will apply for the next three months pending the next review.

The U.S. Department of Energy's Retail On Highway Diesel Price for the Gulf Coast will be reviewed again on June 30th 2008. The FSC shall be adjusted accordingly at that time. You will be notified of any change in the fuel adjustment at that time.

The applicable fuel surcharge for your account is stated in the attachment included. Should you have any questions regarding this correspondence please contact me directly.

Sincerely,

Carl Bo Egbert
Waste Management of Texas, Inc.
